This action is responsive to applicant's amendment/remarks filed 01/17/08. Claims 44-69 are pending.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 44-48 are provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over the pending claims of copending Application No. 10/823,404 and the pending claims of Application No. 10/659,050.

This rejection is maintained for the reasons set forth in the Rejection mailed 07/25/07.

Claims 44-48 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-9 of U.S. Patent No. 7,238,297.

This rejection is maintained for the reasons set forth in the Rejection mailed 07/25/07.

The Terminal Disclaimer(s) filed 01/17/08 are not signed by the attorney of agent of record. See 37 C.F.R. §1.321.

The 112 second paragraph rejection is withdrawn in view of applicant's amendment/remarks.

Claims 44-56 are rejected under 35 U.S.C. 112, first paragraph, for the reasons set forth in the Rejection mailed 07/25/07 (pages 3-6).

Applicant's remarks regarding this rejection are noted.

Note that new claims 57-68 are not included in this rejection. The examiner agrees (with applicant) that these claims are described in the instant specification in such a manner that the skilled artisan would be able to make and use the claimed composition(s) without undue experimentation.

With respect to the remaining claims (44-56), which are not limited to the elements/alloys disclosed in the specification, the examiner respectfully maintains for the reasons of record that undue experimentation would await the skilled artisan attempting to make the claimed invention with materials other than those discussed above.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
